- Ongoing data integrity maintenance

Why Choose Top Step for Implementing & Optimizing NetSuite?

The One-Stop Shop

With Top Step NetSuite Consulting, you gain a single partner capable of supporting your entire Professional Services technology ecosystem. No more coordinating between multiple vendors — we understand both your SuiteProjects Pro and NetSuite environments, enabling seamless support and strategic guidance.

Proven Success

Our team has successfully helped organizations optimize their NetSuite environments for professional services. From automating project creation to enhancing financial reporting, we've delivered tangible results for clients across the professional services spectrum.

Deep Industry Expertise

Our team brings decades of combined experience working specifically with Professional Services Organizations. We understand your unique challenges, workflows, and requirements, allowing us to deliver solutions that drive real business value.

Certified Professionals

Our team includes NetSuite-certified professionals who maintain current certifications and stay up-to-date with the latest features and best practices.

Proven Track Record

Having helped over 400 Professional Services organizations optimize their operations, we bring battle-tested methodologies and solutions to every engagement.

Delivery Options

Project-Based Consulting

Focused engagements to address specific challenges, implement new features, or optimize existing processes. Common projects include:

- SuiteProjects Pro and NetSuite workflow optimization
- Financial reporting enhancements
- Process automation through custom scripting
- Analytics and dashboard implementation

NetSuite OnDemand Consulting

Similar to our popular SuiteProjects Pro OnDemand services, this service provides ongoing support and optimization for NetSuite through a dedicated team familiar with your business and customized to your needs.
